## Matribhasha Diwas (International Mother Language Day) on February 21, 2022

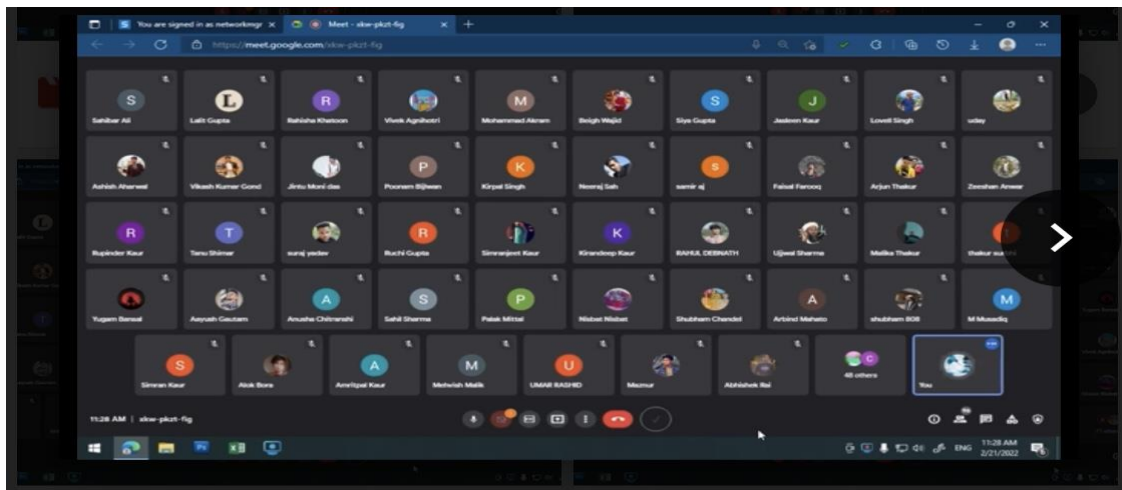

**“If you talk to someone in a language he or she understands that goes to the persons head.  
If you talk to someone in his or her language it goes to the heart”. So said Nelson**

“Language”-Limitless is the word that best describes the true meaning of “Language”. As they say, “The limits of your language are the limits of your world”. Language gives shape to our thoughts and it conveys what our soul feels. No wonder, it deserves a celebration in the true sense. And what can be closer to our hearts than our ‘Matribasha’?
