## National Vaccination Day (16/3/2022)

Every year, March 16 is observed as National Vaccination Day in India to increase the importance of vaccines in the human health system. The Covid-19 has made us understand the importance of vaccines and their role in benefitting our lives.

So said Ezekiel Emanuel

“Childhood vaccines are one of the great triumphs of modern medicine. Indeed, parents whose children are vaccinated no longer have to worry about their child's death or disability from whooping cough, polio, diphtheria, hepatitis, or a host of other infections.”

This day creates awareness regarding how effective vaccination is to prevent deadly diseases. Mostly, this day celebrates India's victory over polio disease along with an improvement in the health and life expectancy of an individual.

Sachdeva College of Pharmacy also celebrated “**National Vaccination Day**” on 16<sup>th</sup> March,2022 for the students of B.Pharmacy (8<sup>th</sup> Semester) and Diploma Pharmacy (1<sup>st</sup> year). The day plays a significant role as it is important to highlight the need to get vaccinated. Even the government of India is taking necessary steps to vaccinate the entire country against the highly contagious disease.

Vaccination also helps in taking precautions and encourages individuals to stay healthy with a high immune system.

The **theme** for the year 2022 is "**vaccines work for all**".

Schedule:- The events for the day were Speech, Poster presentation and Debate in accordance with the theme of the day. Students had participated gracefully in this event.

Speech by Harmanpreet Kaur B.Pharmacy(8<sup>th</sup> sem)
