

Sachdeva College of Pharmacy, Gharuan

Industrial visit to BRD MediLabs, Baddi (Mar 22, 2022)

An Industrial tour to BRD MediLabs, Baddi was organised for the students of B. Pharmacy and D. Pharmacy. The areas visited were Tablet and Liquid Oral production and packaging departments. The visit was organized on Tuesday, 22nd March, 2022.

Established in year 1993-1994, BRD MediLabs, were initially focused on prescription market with their own marketing staff in the region of Punjab, Rajasthan, Haryana and Himachal Pradesh.

After the industrial incentive package, they geared themselves for expansion and added big capacity to their existing plant. Over the time, they have established and added new fully-integrated pharmaceutical manufacturing facility by the name of BRD Medilabs Unit-II.

They are manufacturers of superior quality pharmaceutical formulations in the form of Tablets and Liquid Orals. Their pharmaceutical formulations have been well received and appreciated in the market for their accurate medical combination and effectiveness. Their formulations are well known for their safety and fast effect. They manufacture approx. 150 different formulations in Tablets & Liquid Orals in various segments.

The participants in the visit were 25 students along with 2 Faculty members. In this visit Mr. Gyan Prakash Yadav, QA Manager, Dr. Hariom Singh, QC Manager, Mr. Mangal Singh, Plant head, and Mrs. Monika Deshpande PPIC Head explained about the tablet manufacturing QC, QA and packaging processes. Mr. Rajesh Bansal, M.D of BRD MediLabs interacted with the students and shared his valuable experience and several crucial aspects about emerging opportunities in pharma world

At the end the faculty members appreciated the efforts of BRD MediLabs officials by presenting a souvenir to the M.D, Mr. R.D. Bansal as a token of gratitude and thanked them for permitting them to visit such an exceptional pharmaceutical unit. The officials also appreciated the College for organizing such an event, which will help the students to decide their path towards success in future.
