

## SACHDEVA COLLEGE OF PHARMACY, GHARUAN

### Celebration of World Pharmacist's Day (25 Sep., 2022)

“Poisons and medicine are often the same substance given with different intents.” — Peter Mere Latham

Every year on September 25, World Pharmacist Day is celebrated with the goal of highlighting and advocating the pharmacist's contribution to health improvement. The occasion of World Pharmacy Day serves as a reminder to honour all medical specialists who provide their services with empathy and understanding. Pharmacists provide the availability of pharmaceuticals and guidance on safe medication usage.

As pharmacy combines both medical science and chemistry, it has a significant impact on the healthcare system. Pharmaceutical development, production, disposal, safe and effective use, and management fall under the purview of pharmacists. If pharmacists did not have a proper understanding of the drugs, their side effects, mobility, and toxicity, the world would not have trustworthy, safe medications.

The goal of World Pharmacists Day is to promote awareness of pharmacists' contributions to global health and to inspire people all around the world to recognise the value they contribute to society.

This year's **Theme, "Pharmacy united in action for a healthier world,"** aims to promote unity and highlight the sound effects of pharmacy on health.

All the staff members and students of Sachdeva College of Pharmacy, Gharuan celebrated World Pharmacist Day on 23<sup>rd</sup> Sep, 2022 in order to honour the Pharmacist's all around the Globe for their crucial role in improving the health of everyone.

The event started with the *Saraswati Vandana* and lamp lighting was done by all the faculty members of the college. The powerpoint presentation was also delivered by the students on the topic of “role of pharmacist in patient counselling and healthcare. The speeches were delivered by students on the theme of world pharmacist day 2022. The students participated in dance and singing. A quiz competition was also held on the same day (4 teams were made from all the

semesters). A poster making competition on the current on theme was also organized. Trees were planted by the students and staff. The plan for the day and some glimpses are:
